The YMCA is now offering after school activities for grades K-8! Our curriculum-based programming delivers the best of the YMCA to children from the surrounding area. Our years of camping and childcare combine to make after school a time kids can look forward to. And we have an awesome selection of activities!

The YMCA After School Adventure program is located at the YMCA Child Care Center on Woodmere in the BIG gym. We offer quiet activities, such as reading, puzzles, board games, and homework time; as well as a large area for running activities and games. With such a great selection of activities and the experience of the YMCA's Childcare Staff, there is something for every child to learn and discover. Our Character Development program reminds everybody on a daily basis that being your best means acting your best. A daily snack is included.

We offer affordable rates, we accept Title 20, and scholarship assistance is available. Limited transportation from selected schools to the YMCA is available. Register today and reserve your spot with the largest childcare provider in the nation, the YMCA!

Contact the YMCA at 421-3568 for more information and to receive a copy of the Parent Handbook which fully details the YMCA Child Care programs. We offer an award-winning 8 core curriculum and theme-based School Age program that will keep your child building a healthy spirit, mind, and body.

Daily Fee: \$5/day plus \$5/day for transportation per child

Times: 3:00pm-6:00pm
